Location Description

Es Figueras means land of fig trees, because there are many fields planted with these fruit trees in the vicinity. It consists of two contiguous beaches, separated by an islet attached to the coast by a tongue of sand. It is preceded by a street with flats and some shops, and there are some hotels on the nearby cliffs. It belongs to the area

of San Carlos, which is located in the municipality of Santa Eulalia des Rio. It is a quiet place, with many services, such as shops, restaurants and markets. San Carlos, which is the nearest town, stands out for being a place with a lot of charm.
