Property Description

This recently completed villa is located in the emerging northwest of the island. A total of five spacious double bedrooms with en-suite bathrooms are on the second floor. A large living and dining room and an open kitchen extend over the entire length of the house. The whole house has underfloor heating and individually adjustable air conditioning. The garage offers space for at least six cars or can be

converted into a cinema room or gym. There is a huge terrace on top of the house, which can also be used as an outside parking space for several cars. The highlight of the house is the elevator, with which you can easily reach every floor, as well as the waterfall from the Jacuzzi to the pool from which you can enjoy the sunset all year round.

Location Description

The villa is located in the immediate vicinity of the popular Cala Salada with its beautiful beach and chiringuito. San Antonio with all shopping and entertainment facilities is about 10 minutes away. The

airport can be reached in approx. 30 minutes and Ibiza town in approx. 25 minutes. The numerous popular beaches on the west coast can be reached in 15 to 25 minutes.
